

COMFORTER AIR

Cooling and Ultra Comfortable Lap Desk
for laptops and tablets

Now you can sit on your bed or couch in total comfort chatting with friends, doing work, or watching online content with the Comforter Air by Cooler Master. The Comforter Air laptop and tablet cooler combines a lightweight cushion with a fan, to keep your legs protected from heat generated from electronics. The Comforter Air is ideal for people who spend a lot of time on the computer, but not always at a desk.

Features

- Light weight cushion makes using your laptop on your lap comfortable
- Ideal for any location: in bed, on the couch, floor, and more
- 100mm Removable fan keeps you and your laptop cool, so you can be productive
- No messy wires thanks to embedded USB cable with cable management
- Compatible with laptops up to 15.6" and even tablets like the iPad
